

# WHO IS PES BENEFITS?

PES Benefits is a minority owned benefits education and enrollment company.

We partner with employers and brokers to provide employee benefit education and enrollment services. We ensure employees elect the best benefits to protect themselves and their families.

## WHAT DO WE DO?

- **One-on-One Enrollment:** Our expert enrollers educate and empower employees to maximize their benefits by combining the strength of one-on-one meetings with a full suite of both medical and voluntary worksite offerings.
- **Call Center Enrollment:** Our in-house call center is staffed with licensed benefit counselors who provide both benefits education and enrollment support to employees.
- **Self-Service Platform:** We provide self-enroll technology, utilizing many user-friendly and robust platforms. Being platform agnostic, our team is able to build on many different platforms, including, but not limited to, Employee Navigator, PlanSource and Ease.
- **Enrollment Administration:** We act as the intermediary between the broker, carrier and employer, providing planning and implementation services, custom built platforms, new hire onboarding, and the expertise of an in-house Data & Technology team.
- **Employee Advocacy:** Our team provides guidance to employees that may have questions about navigating claims, qualified life events, billing, dependents and more.
- **Customized Communication:** Our team crafts customized HR communications including branded benefit booklets, open and post-enrollment flyers, brochures, videos, text and email campaigns, and microsites.
- **Additional Services:** Our team is able to assist employers with WOTC processing, dependent verification, ACA compliance, and deduction and billing reconciliation.
